CNL FINANCIAL GROUP, INC. LAUNCHES NEW WEBSITE

(ORLANDO, Fla.) June 18, 2008 – CNL Financial Group (CNL) launched its new web design of CNL.com on May 29. The site is larger, easier to navigate, and more accessible through search engines.

CNL teamed with iCrossing to create the new site. The largest privately-held global digital marketing company has designed state-of-the-art websites for many companies, including Coca-Cola® and Williams-Sonoma®.

The website features an interactive compass for efficient navigation. Videos, dynamic html, and vibrant colors engage the user. Most importantly, everything is clearly presented, including the CNL business model, comprised of multiple business units.

“We’re very excited about the launch of our newly redesigned website and know that visitors will find it to be much more user friendly and easier to navigate,” said Carolyn Gosselin, senior vice president and chief communications officer.

Whether site visitors want to invest, develop, access capital or services, or simply learn about the company, CNL.com is an excellent resource.
